Luxuriously perfumed soaps and guest toiletries with an elegant minimalist design
in black, grey and white

This range of high quality hotel cosmetics combines the artistic touch of the Renaissance with a fragrance, fresh, modern and contemporary created by the perfumer Olivier Decoster. The look was inspired by the elegant hand crafted ceramics of the same name that gained celebrity during the Renaissance when a collection of Majolica signified affluence and good taste.

Fragrance notes

“This subtle perfume with notes of green tea, citrus and rare flowers blossoms onto a musky base resulting in a fresh, natural fragrance that wears like a second skin.”
