ORIGIN INGREDIENTS

E²AROMA represents the French company **HD Fragrances** in both Greece and Cyprus. Renowned for its specialized products, **HD Fragrances** is one of the most innovative companies in the world in the design and production of hotel amenities.

HD Fragrance's production facilities are located in Italy and France. There, top-quality hotel amenities are being designed and produced, using certified methods and in accordance with all European standards for cosmetics.

HD Fragrances designs and manufactures eco-friendly amenities, while at the same time supporting the viability and environment friendly initiatives of hotels, as it uses biodegradable ingredients from renewable plant raw materials and natural fragrances.

PLASTIC FREE SOLID 3in1

Shampoo for hair and body

PLASTIC FREE PACKAGING

Solid cream cleanser for hair, body and face

For any hotels that have decided to reduce single use, disposable plastic in order to position themselves as an eco-friendly and responsible establishment, this solid cleansing shampoo might be of great interest.

It represents a truly innovative product, the result of extensive research and testing for the ideal foaming formula that provides gentle and effective cleansing of the face, body and hair.

Plastic Free & Zero Waste

With paper wrapping or a carton box that can be recycled or reused for your guests to take unfinished products home.

98% Natural Origins

Organic ingredients with added honeyquat, amaranth protein and willowbark for extra nourishment.
Without sulphates, silicone or preservatives

Multi-Functional

An extra conditioning formula makes it ideal as a shampoo, body wash and soap for hands and face.
Great also as a shaving cream.

Practical Easy Housekeeping

No waste sorting or bottle refilling required.
Affordable option that replaces several products
A 20g soap will provide around 5 shampoos.

Eco-responsible & Biodegradable

Concentrated without water for a reduced carbon footprint.
Eco-friendly with zero impact for the oceans, rivers and the planet's ecosystem

Easy to Use

Wet the surface of the product with water, rub with hands to create a rich lather, and then apply the product on the skin or hair using your fingers or a washcloth.
